

Agenda

December 7. First Day.

9.00 – 10.30 Maritime Emission Regulation. Part I

Dorte Kubel - Chief Adviser, M.Sc,
The Danish Environmental, Protection Agency,
Enforcing the Sulphur Regulation - Views of an Administration

Julien Dufour · CEO,
Verifavia and Verifavia Shipping,
EU Shipping MRV Regulation

Claudia Beumer - Marine BDM Europe,
Emerson Process Management,
The importance of accurate fuel measurements in regards to the new
MRV regulations

10.30-11.00 Coffee-break

11.00 – 12.30 Maritime Emission Regulation. Part II

Haakon Elizabeth Lindstad - Senior Research Scientist,
MARINTEK,
Environmental regulations in shipping: Policies leaning towards
globalization of scrubbers deserve scrutiny

Matthias Fies - Technical Sales Manager Lubricant Industry Europe
Business Management Europe - Fuel and Lubricant Solutions,
BASF,
Environmental Acceptable Lubricants in Marine Environment

Jasper Faber - Aviation and maritime specialist,
CE Delft,
IMO Fuel Availability Study

12.30 – 13.30 Lunch

13.30 – 16.00 LNG as a Marine Fuel: Part 1

Gunnar Helmen - Sales Manager Marine,
Skangas,
LNG supply chain and the availability in Europe

Jaap Kuijpers-Wentink – Group Managing Director,
Cryonorm Systems,
LNG shore-to-ship bunkering

Guus Vogels - Account manager LNG,
Gate terminal,
Gate terminal, from LNG entry point to LNG hub. Jetty 3 expansion
project and break bulk services at Gate

Ian Adams - Managing Director,
IMA Marine,
LNG – is it really a solution?

Speaker TBC,
DNV GL
LNG as a marine fuel

16.00 - 16.30 Coffee-break

16.30 - 18.00 Legal Aspects and Investments

Haco van der Houven van Oordt · Partner
Transport & Energy AKD N.V.
Developments in the legal field relevant to bunker suppliers

Anna-Maria Fotinou - Credit and BD Manager,
Island Oil,
Bunker Credit Risk

Special report:

Massimo Trani - R & M VP Licensing,
ENI,

How the refineries are preparing to cope with the new bunker specs

December 8. Second day.

10.00 – 11.30 Recent Developments in Marine fuels and lubricants

Carlos Guerrero - Business Development Manager, Oil Tankers & Gas
Carriers,
Bureau Veritas, Marine & Offshore Division,
The use of gas as a marine fuel

Robin Meech - Managing Director,
Marine and Energy Consulting,
Impact of lower Sulphur marine fuels on bunker and lubricant usage

Gerard Nieuwenkamp — Scientist,
VSL Dutch Metrology Institute,
Metrology for LNG custody transfer and transport fuel applications

11.30 - 12.00 Coffee-break

12.00 – 13.30 Alternative Marine Fuel

Michael Boot - TU/e Fellow,
Eindhoven University of Technology,
Biobased heavy fuel oil

Eelco Dekker - Chief Representative Europe,
The Methanol Institute (MI),
Methanol Marine Fuel, experience, benefits and latest development

13.30 – 14.30 Lunch

14.30 – 15.30 Cutting Edge Technologies for Marine Industry

Koji Takasaki · Professor, Engine and Combustion Lab.,
Kyushu University,
Marine fuels: Marine engine combustion

Malcolm Cooper - Group Technical and BD Director,
Veritas Petroleum Services,
Impact of Bunker Fuels and Lubricants on Marine Engine Performance

15.30 The End of the Conference
